

Ashkan Mokarian Forooshani

ashkan@mpi-inf.mpg.de

Research Interests: Optimization, Machine Learning, Computer Vision

Education

Saarland University, Saarbrücken, Germany

M.Sc. Computer Science (Honor's Program)

Oct 2013 - Feb 2015(expected)

University of Tehran, Tehran, Iran

B.Sc. Electrical Engineering - Control Systems

2006 - 2010

GPA: 15.60 out of 20

Emam Sadeq Educational Center, Esfahan, Iran

High School Diploma in Mathematics and Physics

2002 - 2006

GPA: 19.56 out of 20

Awards and Honors

IMPRS-CS Scholarship, from MPI Informatics at Saarbrücken

2014-2015

Ranked 14 in Iranian National M.Sc. Entrance Exam

2009

Ranked 256 among 300,000+ candidates in the National Matriculation Exam of Iran

2006

Ranked 4 in National Computer Programming Contest held in Yazd
and First rank in the elementary stages in Esfahan

2005

Semi-finalist in the 22nd and 23rd Mathematics Olympiad

2004 - 2005

Finalist in the 3rd Tournament of Towns Mathematic Contest

2004

Related Experience

Computer Vision and Multimodal Computing(D2) group at MPI-I, Saarbrücken, Germany

Research Internship

Winter 2013

Working on defining necessary and sufficient conditions for facet defining constraints in a 0-1 polytope defined by a relational graph extended with long range edges.

Supervisor: Dr. B. Andres (Combinatorial Image Analysis group)

University of Tehran, Tehran, Iran

Research Assistant

2012

Power Generation Planning of Smart Electric Grids using Monte Carlo Simulation methods

Supervisor: Dr. H. Monsef

University of Tehran, Tehran, Iran

Teaching Assistant

2010

Course: Operation Research by Dr. A. Rahimi kian

Emam Sadegh Educational Center, Esfahan, Iran

Teacher and Coach

Preparing high school students for the ROBOCUP SIMULATION contest

Summer 2009

Skills

Programming: C++, C, Python, L^AT_EX, CMake, Assembly

Engineering Software: MATLAB, GAMS, MAPLE

Libraries familiar with: CVX, liblinear, libsvm, Gurobi, opencv
